Re: Cook Inlet Housing Authority - West 32nd Ave
MOA Permit C20-1058 Fire Review Responses

Ms. Gretchen,

Please find below and attached, the responses to the Fire review comments date 02.12.2020 for Permit C20-1058.

1) The overhead power to the streetlight will need to run underground and define overhead apparatus access lane on the civil plans.

   Overhead power cable with be buried:
   a. Refer to attached sheet E1.01.
   b. Refer to attached sheet C2.01

2) The fire separation on page G1.01 need to show what is required from the mechanical and bathrooms to the corridor.

   Per IBC Section 509.4.2, a smoke partition is required at this location as shown on G1.01.
